

Randers Bike Week

Communique 1

Som Chefkommissær vil jeg gerne byde jer alle velkommen til Randers bike Week 2020, og har i den forbindelse lidt ændringer i forhold til afvikling af løbet.

As PCP for the upcoming stagerace in Randers I would like to welcome you all to Randers Bike Week 2020. In relation to this I have a few changes as to the conduct of the race.

1. Det planlagte holdledermøde kan desværre ikke gennemføres på grund af sundhedsmyndighedernes udmeldinger omkring forsamlingsantallet. Så derfor vil alle nødvendige informationer komme ud via Communique.
The planned teamleader meeting can unfortunately not be held due to the danish health authorities limitations in regard to how many are allowed to be assembled. All necessary informations will therefore be communicated to you via communiques.

Starttider på 1 etape (TT) er rykket frem, med første start (U11) klokken 13:00

All startingtimes for 1. stage (TT) has been forwarded by one hour so that the first riders (U11) start will be at 13:00.

Alle ryttere skal gennem CHIP Check der er placeret ved starten, og dette **SKAL SKE** senest 10 minutter før start.

All riders must complete a transpondercheck before EVERY start. The transpondercheck will be situated in a tent, in close perimeter of the startingarea. All riders must complete the tranpondercheck no later than 10 minutes before every start.

Der er udlevering af lånechip og låne nr. fra klokken 12:00 ved indskrivningsteltet.

Rider-numbers and transponders for riders who need to borrow these can pick them up at the transpondercheck tent, situated next to the startingarea.

2. COVID 19

På baggrund af Covid 19 restriktionerne ville det være ønskeligt at alle deltagere inden fremmøde i Randers får lavet en Covid-19 Test.

Randers Bike Week

Communique 1

In regard to the Covid-19 restrictions we would if possible kindly encourage all riders to have a Covid-19 test before arriving at Randers. The Covid-test is NOT compulsory in regard to being permitted to start, and proof of test will NOT be required!

Covid 19 restriktioner:

- For at cykelløbet kan afholdes, skal vi overholde retningslinjerne fra Sundhedstyrelsen. Derfor skal ryttere lige efter målgang give plads til de næste ryttere, undgå at samles i større grupper og trække væk fra opløbsstrækningen.
- Omkring præmieoverrækkelser så hylde de 3 første af hvert felt efter hver etape
- hold afstand under præmie ceremonien.
- Fredag har forældre/tilskuere ikke adgang ved start området på Gl. Århusvej pga. Forsamlingsforbudet med 100 personer, dvs kun ryttere ved start boxen.

Covid 19 restrictions:

- For us to complete the race, we must always abide by the regulations set forward by the danish health authorities. It is therefore important that the riders, as soon as they have passed the finishline continue to their team area / family so that we can prevent larger groups assembling at the finistarea.
- After each stage, only the first three across the finishline from each class, must attend the prize ceremony.
- During the prizeceremony, please keep a decent distance to each other.
- At the stage on Friday the 7. August parents and spectators will not be allowed in the starting area at Gl. Århusvej, due to the restrictions of only 100 people allowed to be assembled in one place at a time. This means that only the riders are allowed in the startingarea.

Chefkommissær / PCP

Willy Frederiksen
